

POLITICS AND PONIES

The Monmouth County Labor Coalition is committed to advocating for legislation that maintains and improves the economic stability and working conditions for the thousands of public and private labor union members that call Central New Jersey home. Join concerned citizens from across Central New Jersey at Monmouth Park for a day filled with politics and ponies as we discuss the various issues that face our associations, share ideas on how to get involved in the political process, and introduce tools that can help organize our members!

RSVP no later than June 1st
